DEVELOPMENT IMPACT FEES (PLANNING)		
The Public Facilities Impact Fee is a general category of fees based on the uses, number of dwelling units and/or amount of square footage to be located on the property after completion of a development project. The fees are committed to public improvement, public services, and community amenities affected by new development (Burlingame Municipal Code Chapter 25.80). The purpose of the fee is established upon approval of a permit for construction or reconstruction, and is intended for improvements in one or more of the following categories: General Facilities & Equipment, Streets & Traffic, Libraries, Fire, Police, Storm Drainage, Parks & Recreation

<u>Burlingame Avenue Parking In Lieu Fees</u> are applicable only to commercial properties within Downtown Burlingame and are collected in those instances where a land-use requires additional parking, but the site cannot physically accommodate additional spaces. The fee is based upon a per space, or portion thereof that is not being provided on the property. The funds are to remain in the City's Parking fund to help defray the cost of building a City-owned and operated parking structure. The fees are updated annually based on the February Consumer Price Index – Urban Wage Earners and Clerical Workers (CPI-W) for the San Francisco Area.		
Burlingame Avenue Parking in Lieu Fees	Per Space	\$66,598
AFFORDABLE HOUSING IMPACT FEES (PLANNING)
