Definition of a Street Tree Themed Block: A street tree themed block is defined as a block in which one defined species of street tree is established and maintained indefinitely. Once a themed block is established and a tree is removed for any reason, the tree would be replaced with a tree of the established theme species. The Beautification Commission and City Council use the following criteria when considering establishment of a themed block: the percent of predominant tree species, health and disease tolerance of the species, amount of tree diversity, mix of species, age, aesthetic look on the block, current tree canopy, future canopy potential, width of the street, and the width of planter strips.
