

**RESOLUTION NO.**

**RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BURLINGAME APPROVING THE  
PARKS MASTER PLAN**

**WHEREAS**, Parks and Recreation staff and MIG, Inc. have been working on developing the City's first Parks Master Plan (PMP) to help guide future planning, policy, and development of the City's parks and recreation; and

**WHEREAS**, the PMP sets the framework for decision-makers in the planning, maintenance, development, and/or rehabilitation of Burlingame's parks and recreation facilities and provides a systematic and prioritized approach to the implementation of parks and recreation projects; and

**WHEREAS**, initial planning tasks for the Parks Master Plan began in March 2018 and focused on engaging the Burlingame community to identify priorities and values that would guide the PMP; and

**WHEREAS**, to supplement the community input and team observations, the project team conducted research, mapping, and analysis to identify system-wide parks and recreation needs and opportunities; and

**WHEREAS**, this needs analysis included a review of parks and recreation system existing conditions, park service, and watershed analysis, and began a process of identifying opportunity areas, including sites within Burlingame's potential growth areas and parts of the city that are currently underserved by parks; and.

**WHEREAS**, staff will use the PMP as part of each park's renovation to help inform the process, educate the committee about the community-wide interests, and ensure a wide variety of options throughout the park system; and architects of new development projects will use the PMP to design new parks reflecting the community's interests and needs; and

**WHEREAS**, the Parks and Recreation Commission reviewed and approved the PMP at their meeting on December 19, 2019.

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF BURLINGAME** approves the Parks Master Plan.
