# Discussion

# Discussion

---

- **Proposed Route A (California Drive Commuter Shuttle):**
  - Had some support from Commute.org
  - Proposed as a extension of Millbrae/Broadway Shuttle
- **Proposed Route B (Youth Commuter Shuttle):**
  - Would create a “true” east-west shuttle
  - Access to Burlingame High
  - Access to other schools along route

# Discussion

---

- **Proposed Route A (California Drive Commuter Shuttle):**
  - Provide service from Millbrae Transit Station
  - Provides another alternative for employees or patrons
  - Would reduce parking impacts at both commercial areas
  - Overlaps Caltrain's Millbrae/Broadway Shuttle
  - Within 1/2 –mile of SamTrans' Route #292 and ECR
  - No concurrence letter which is required in order to submit an application
  
- **Proposed Route B (Youth Commuter Shuttle):**
  - Would create a “true” east-west shuttle
  - Provide service to various students
  - With younger children, driver may need to have additional certification
  - Concerns with mixing student of all ages
  - Due to hours of operation, limited number of runs

# Next Steps

---

- Caltrain electrification goes operational 2022
- Millbrae/Broadway Shuttle cease operation
- Reapply for next shuttle grant cycle at that time
