**Re: 778 Burlway – Enterprise Rent-A-Car
Tolling extension of Conditional Use Permit**

Dear Burlingame City Council Members:

This written statement is in regards to providing an additional 6 month tolling period for the Conditional Use Permit for Enterprise Rent-A-Car at 778 Burlway Road due to the unprecedented Covid-19 pandemic.

At the March 16, 2020 Study Session, the City Council was agreeable in moving forward with the concept of Enterprise building a new rental car facility on the property at 778 Burlway as well as dedicating a portion of the property to be used for community use. With this approval to move forward, we were prepared to work on developing a more detailed proposal and finalizing our facility plans as well as working with the city on what the community use transaction would look like.

Unfortunately, the COVID-19 pandemic forced us to shut down almost all of our locations in the Bay Area for a considerable amount of time and it has had a tremendous impact on our business. We are still working on re-opening our facilities and trying to get back to operating our business. Since the March 16th Study Session, we have had no ability to move forward with this project since we were dealing with trying to operate through this pandemic.

The last six months have been unprecedented and difficult to manage through. We look forward to the next six months and continuing the work pre-Covid to develop a site plan that is agreeable to both parties.

We will continue to work on developing a more detailed plan on what the 778 Burlway site will look like and continue to work with the great staff at the City of Burlingame to move this project forward. We just ask that we get an additional six month tolling period to make up for the lost time due to the pandemic outbreak.

Thank you for your consideration in this matter and feel free to reach out to me with any questions at 510-772-7839,

Sincerely,
