

STAFF REPORT

AGENDA ITEM NO: 6.b

MEETING DATE: July 9, 2026

To: Traffic Safety and Parking Commission

Date: July 9, 2026

From: Andrew Wong, Senior Engineer

Subject: SamTrans Temporary Bus Stops along California Drive

RECOMMENDATION

Staff recommend that the Traffic Safety and Parking Commission (TSPC) review the staff report and presentation related to the SamTrans' Temporary Bus Stops along California Drive, and provide additional input to staff.

BACKGROUND

The El Camino Real Renewal Project has had significant impacts on local and regional traffic, including SamTrans' ECR Route. At the June TSPC meeting, SamTrans staff presented a proposal to temporarily relocate the ECR Route stops from El Camino Real to California Drive for the duration of the ECR Renewal Project.

The proposal shown added both northbound and southbound stops at three locations: Trousdale Drive, Rosedale Avenue, and Grove Avenue. After obtaining TSPC and community feedback, the SamTrans team coordinated with City staff to review feedback and possible revised options.

DISCUSSION

Based on feedback from the June TSPC meeting and discussions with City staff, SamTrans revised the proposal which are shown in the attached presentation for tonight's TSPC meeting.
