Line Item	Question	Response *	
11	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested Solutions.	National Auto Fleet Group was founded in 2010 as a new division of 72 Hour LLC, born from a single dealership in Southern California with a bold vision for streamlined fleet solutions. Since then, we've expanded our reach to include a growing network of dealerships both within and beyond California, allowing us to serve public agencies and government entities with greater efficiency and scale. From day one, our company has embraced a people-first mindset by hiring from within, investing in long-term careers, and building a culture rooted in loyalty and growth. Many of our original Fleet Managers are still with us today, a reflection of our commitment to strong internal leadership and lasting relationships. As the automotive landscape has evolved, so have we by adapting to emerging technologies, sustainability trends, and industry innovations. And yet, our core values remain unchanged: integrity, service, and a deep responsibility to the members we serve. We live by our promise to deliver the RIGHT vehicle, at the RIGHT time, to the RIGHT place, at the RIGHT price. Proudly family-owned and operated, National Auto Fleet Group carries forward generations of automotive experience with a forward-looking approach. With future generations already preparing to carry the torch, we remain focused on delivering unmatched value and service for decades to come.	*
12	What are your company's expectations in the event of an award?	If awarded, this would mark our sixth Sourcewell contract, which is an achievement we're incredibly proud of. We're fully prepared to execute with the same precision, care, and commitment that has defined our previous partnerships with Sourcewell. Our expectations are simple: to continue delivering exceptional customer service, to raise the bar on satisfaction, and to deepen our value to your members. We plan to leverage this award to launch new growth strategies and expand the reach of our offerings to even more agencies across the country. As part of that growth, we're excited to introduce our Partner Program, detailed in the "Marketing Plan for NAFG 081325" attachment. This next-generation tool empowers members to choose preferred upfitters, creating a seamless quoting and service experience through National Auto Fleet Group. We believe there's immense value in building these flexible, member-driven partnerships and we're committed to providing turnkey solutions that are not just efficient, but genuinely satisfying from start to finish.	*

We maintain a direct line of credit of \$85,000,000, actively utilized to support our current and previous Sourcewell contracts. This line can be extended as needed to meet the evolving demands of Sourcewell members. To further reinforce our market position, we've included a summary of awarded government contracts that, collectively, represent hundreds of millions of dollars in vehicle and equipment deliveries under our existing Sourcewell agreement. In addition, we've provided letters of commitment from several of our nationally recognized upfitting partners, including The Knapheide Manufacturing Company, as well as regional leaders such as Phenix Truck Body in Southern California. These suppliers serve as trusted partners, offering localized support to help us fulfill orders efficiently and with precision. Lastly, we've attached supporting documentation to show the consistent growth we've achieved since receiving our first Sourcewell contract in 2012. We hope these materials clearly demonstrate our long-term commitment to financial integrity, operational excellence, and building trusted relationships with both our partner upfitters and the members we serve.	*

26	Sales force.	National Auto Fleet Group operates with a robust combination of direct and indirect sales force personnel. Our direct sales force includes both in-house employees and partner dealership staff, totaling over 300 full-time and part-time individuals. These professionals are strategically located across the U.S., enabling us to support members nationwide. We also leverage strong relationships with larger-class dealerships to fulfill lower-class vehicle needs creating a versatile, cross-functional sales team that serves both our dealership network and the NAFG Fleet Division. Our indirect sales force includes more than 100 personnel from our upfitter and supplier partner network, and that number continues to grow each year. This collaborative network supports quoting, fulfillment, and customer service, ensuring our members receive turnkey solutions that are seamless from start to finish. Together, our direct and indirect teams have enabled NAFG to successfully grow, scale, and serve the evolving needs of Sourcewell members. As membership expands, we are fully committed to continuing that growth by bringing on additional staff to meet rising demand and, more importantly, exceed expectations.	*

27	Describe the network of Authorized Sellers who will deliver Solutions, including dealers, distributors, resellers, and other distribution methods.	Our network of Authorized Sellers spans both the United States, supported by a strong franchise system built through our 17 proposed OEMs. Each of these manufacturers has established extensive dealer networks across North America, with factory-authorized stores strategically located to ensure all members have access to local service, support, and warranty coverage. This built-in infrastructure enables us to deliver Solutions efficiently and reliably no matter where a member is located within the US. With certified dealerships in all 50 U.S. states, we are equipped to provide responsive delivery, servicing, and warranty fulfillment with consistency and scale. NAFG feels the North American automotive supply chain, particularly for the OEMs we represent, is one of the strongest and most reliable in the world. Our access to this network ensures that Sourcewell members receive the highest level of support from order to delivery and beyond.	*
28	Service force.	The 17 OEMs we represent offer access to thousands of authorized service centers and warranty repair facilities across the United States. This expansive service network ensures that Sourcewell members have convenient, reliable support no matter where they are located with service centers in every state. All OEM service locations are fully equipped to handle maintenance and warranty needs for their respective brands, providing timely and expert service that supports the full lifecycle of the vehicles we deliver. While service accessibility is generally comprehensive across the continental U.S., members in Alaska and Hawaii may experience greater distances between franchise locations, which could impact travel time to the nearest authorized service center. Even in those cases, we work closely with our OEM partners to coordinate support and minimize disruption.	*
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Members can inquire about a new vehicle order process in three convenient ways: Online by visiting www.NationalAutoFleetGroup.com and using our step-by-step quote builder, By phone at 855-289-6572 to speak directly with a fleet representative, or By email at Fleet@NationalAutoFleetGroup.com. Once an order is submitted, National Auto Fleet Group handles all coordination, including processing the order with the manufacturer and managing the vehicle's path through any requested upfitting or customization. Depending on the needs of the member, vehicles are either routed to an upfitting partner or shipped directly to the desired end-user location. Throughout the process, our team remains the primary point of contact—managing communication, timelines, and logistics between the member, the manufacturer, and any third-party service providers. This ensures a streamlined, transparent, and responsive ordering experience from start to finish.	*
30	Demonstrate your ability and experience handling large order volumes for autos through light trucks. For example, through our Sourcewell contracts, over the past 12 years we've fulfilled hundreds of millions of dollars in vehicle orders—often involving high-volume orders that include detailed upfitting, title coordination, and multi-location delivery logistics. With our track record of thousands of units processed through platforms like our www.NationalAutoFleetGroup.com quote builder, we've demonstrated time and again our readiness to support large-volume orders quickly, accurately, and	*

31	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises. From quote to delivery, members are supported by our dedicated staff available Monday through Friday, 7 AM to 7 PM PST, as well as a live chat function on our website for real-time assistance. Members can generate quotes online through a secure dashboard, customize builds, request upfitting, and view transparent pricing including MSRP, contract discounts, and total savings all within a few clicks. After submitting an order, members receive a Courtesy Confirmation to double-check specifications, colors, quantities, upfits, and title information. We also provide members with a "Track Your Order" feature, allowing real-time status updates using their PO number, Quote ID, VIN, or Upfit Quote ID similar to tracking a UPS package. This visibility helps members feel in control and supported every step of the way. Everything we do is focused on making the buying process easier, more transparent, and more member-driven.	*

National Auto Fleet Group has nationwide reach and the infrastructure to serve all Sourcewell members across the contiguous U.S., Alaska, Hawaii, U.S. Territories, and Canada. Our network of 17 OEM partners includes factory-authorized dealers and service centers across all 50 states and Canadian provinces, ensuring local access to warranty work, vehicle servicing, and delivery coordination. Even in geographically challenging areas like Alaska and Hawaii, we work closely with manufacturers and logistics partners to overcome longer distances between franchise points, ensuring every member receives the same level of support. Members also benefit from real-time tracking through our website, and our Customer Service Team is available to assist with logistics, titling, and documentation whether delivery is local	*
33	Describe your ability and willingness to provide your products and services to Sourcewell participating entities.	We are fully committed to serving all Sourcewell participating entities. In fact, Sourcewell members are the core of our business making up over 90% of our government sales activity over the past three years. We provide a full scale Solution designed specifically with Sourcewell members in mind. From simplified online quoting to customized upfitting and transparent pricing. Whether it's a school district ordering a fleet of vans or a public works department in need of a specialty upfit, we treat every request with urgency, accuracy, and care. Our willingness to support members isn't just operational, it's cultural. Our entire team are all aligned around one mission: to make it as easy as possible for Sourcewell members to get what they need, when they need it.	*
34	Describe your ability and willingness to provide your products and services to Sourcewell participating entities in Canada.	NAFG are both willing and eager to extend our products and services to Sourcewell members in Canada. Expanding into the Canadian market is a natural next step for our organization, and we believe strongly in building success through partnerships with established, local Canadian dealer groups. Our proven business model, competitive pricing, and seamless digital tools provide a strong foundation for growth. Additionally, our straightforward approach to U.S. Dollar to Canadian Dollar conversion ensures transparency and simplicity for Sourcewell members across borders. We're excited about the opportunity to support Canadian members with the same commitment to service, reliability, and value that we've delivered in the U.S. for over a decade.	*
35	Identify any geographic areas of the United States or Canada that you will NOT be fully serving through the proposed agreement.	National Auto Fleet Group will fully support 100% of geographic areas within the United States under the proposed agreement. We will continue to serve all Sourcewell members through our 24/7 online portal, offering around-the-clock access to quotes, order tracking, and support. While we anticipate some logistical challenges in Canada, we are committed to expanding our infrastructure and dealer partnerships to offer equally robust service and customer care to Canadian members. One important note: while we do serve nonprofit organizations, these entities may not qualify for the same discounted pricing available to government agencies. Nonprofits are subject to a separate pricing program, and each request will be reviewed on a case-by-case basis to determine eligibility and ensure fair, appropriate solutions.	*

36	Define any specific requirements or restrictions that would apply to our participating entities in Hawaii and Alaska and in US Territories.	The only potential contract requirements or restrictions for participating entities in Hawaii, Alaska, and U.S. Territories are related to logistics and shipping constraints. Due to geographic distance and limited access to certain shipping ports, there may be additional freight, handling, and port fees associated with vehicle delivery to these regions. For example, vehicles destined for Alaska or Hawaii, particularly those that include upfits, are often coordinated through mainland processing before being shipped to the final destination. In these cases, members are informed in advance and may elect to include the additional shipping and port costs directly into their quote, ensuring full transparency and cost accuracy from the start. Despite these logistical considerations, National Auto Fleet Group is fully equipped and experienced in fulfilling orders for members in these areas, and we will continue to do so with the same level of attention, care, and service as we provide in the continental U.S.	*
37	Describe in detail your history and experience selling vehicles to state and local government agencies, public and private K-12 and higher education, and non-profits.	National Auto Fleet Group (NAFG) has over two generations of expertise in selling vehicles to state and local government agencies, public and private K-12 and higher education institutions, and non-profit organizations across the United States. As a minority family-owned business, we have built a strong reputation for our ability to navigate the complexities involved in government fleet vehicle purchasing. We specialize in offering hassle-free, reliable, and cost-effective solutions through our Sourcewell contracts since Sourcewell has done the bidding already on behalf of the members. Sourcewell contracts empower public agencies to bypass the tedious and time-consuming bidding process, allowing them to focus their efforts on other projects while we handle the procurement. NAFG holds two highly awarded Sourcewell contracts, which streamline vehicle purchases by providing a range of options—from light-duty vehicles like cars, vans, and SUVs to heavy-duty trucks, buses, and specialized vehicles for public entities. Through our partnerships with manufacturers and upfitters, we cater to the specific needs of government entities, school districts, and non-profits, ensuring the vehicles are ready for immediate in-service needs along with all necessary upfitting if needed. Our experience spans from working with small rural schools requiring a single van, to large cities replacing fleets of hundreds of utility trucks. No matter the scale or complexity, we are committed to offering the highest level of customer service and delivering vehicles that meet our clients' needs, budgets, and timelines. By leveraging the efficiency of Sourcewell's competitive contracts, we help our customers save both time and money, making vehicle purchasing seamless and efficient.	*
38	Will Proposer extend terms of any awarded master agreement to nonprofit entities?	Yes, National Auto Fleet Group (NAFG) will extend the terms of any awarded master agreement to nonprofit entities, provided the vehicles and the entities meet the applicable qualifications. We understand the importance of supporting nonprofit organizations, and we are committed to offering the same competitive pricing, efficient service, and high-quality vehicles that we provide to our government and educational agency customers.	*

39	Describe your marketing strategy for promoting this opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	National Auto Fleet Group (NAFG) uses a comprehensive, multi-tiered marketing strategy to promote the Sourcewell contract and streamline the vehicle purchasing process for government and education entities. Our marketing strategy combines digital, in-person, and relationship-based outreach to maximize exposure, drive engagement, and support long-term growth. Website and Inbound Marketing: Our professional, customer-focused website serves as a key marketing gateway. Members can browse in-stock vehicles, explore pricing, register for access, build vehicles, and request quotes. We create inbound opportunities through tailored content such as how-to videos, member success stories, and social media posts, directing potential members to our website and empowering them to make informed purchasing decisions. Email Marketing: Email remains one of our most effective outreach tools, given its high usage among public agency staff. We use visually rich, mobile-friendly email campaigns that include flyers with Sourcewell contract details, manufacturer incentives, seasonal promotions, first-time buyer offers, and factory cutoff reminders. These emails feature embedded videos, images, and direct links to the Sourcewell homepage and NAFG quoting tools. Our platform also allows us to track performance metrics such as open rates, click-throughs, and unsubscribes to continuously refine our messaging.

In-Person Marketing and Trade Shows:

We attend major industry trade shows, including GFX, IAPPO, NIGP, ACT, CAPPO, and CASBO to establish direct connections with members and vendors. These face-to-face meetings foster trust and long-term relationships. We also deliver in-person presentations to local cities, counties, school districts, water districts, and port authorities to explain how the NAFG–Sourcewell process works, how to buy without bidding, and the vehicle options available.

Customer Advocacy (Word-of-Mouth Marketing):

NAFG's reputation for exceptional service drives organic growth through member referrals. Our commitment to white-glove support from quote to post-delivery often results in repeat customers and unsolicited endorsements. We've built our brand through consistent follow-through, fast solutions, and personalized care—even years after a vehicle has been delivered.

Cross-Promotion Marketing with Sourcewell Vendors:

We actively collaborate with fellow Sourcewell vendors such as NCL Government Capital to offer joint marketing materials and turnkey financing options. For example, we've co-developed videos, infographics, and flyers showcasing how to lease or purchase vehicles through multiple Sourcewell contracts. We also cross-market with Hoglund Bus Company, highlighting how members can pair NAFG chassis with various Hoglund bus bodies.

Preferred Vendor Program – NAFG Partner Page:

To increase our national network and visibility, we launched www.nafgpartner.com, a dedicated site encouraging body upfitters to join as preferred vendors. Partners receive benefits such as website and social media endorsements, referral opportunities, and PR support. To qualify, vendors agree to co-promote NAFG and refer their clients in need of chassis. This helps members easily locate qualified body upfitters in their area, while deepening vendor collaboration and contract awareness.

Customer Relationship Marketing:

Our sales team takes a relationship-first approach by focusing on solution-based selling and long-term support, not just transactions. We pride ourselves on building trust and delivering value, which translates to loyal clients and strong word-of-mouth.

Examples of Impactful Relationship Marketing:

A member used three Sourcewell contracts (NAFG, NCL Gov Capital, GovDeals) to finance, purchase, and dispose of a vehicle in a single seamless transaction.

A member urgently needed a vehicle due to an accident. We redirected them to our in-stock inventory and fulfilled the order within three weeks versus the standard 18-week factory lead time.

A liftgate malfunction two years after delivery was resolved at no cost thanks to our relationship with the original upfitter, ensuring continued satisfaction.

For a member uncertain about budget, we provided multi-OEM pricing through Ram, Chevrolet, and Ford—allowing them to choose without needing to shop around.

We expedited upfitting for a vehicle held up at a local body company by personally coordinating with the vendor, leading to early delivery.

This multi-pronged strategy ensures that National Auto Fleet Group not only promotes the Sourcewell contract widely but delivers measurable value to members across every stage of the vehicle procurement lifecycle.

40	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness.	National Auto Fleet Group (NAFG) utilizes a robust mix of technology, social media, and digital tools to drive marketing performance, boost engagement, and increase sales conversions. Social Media Marketing – LinkedIn Focus: LinkedIn serves as our primary digital channel to connect with public agencies and build our professional network. We use LinkedIn to: Share engaging content such as contract flyers, vehicle promotions, and program updates. Monitor member activity and job changes to identify opportunities to re-engage or offer tailored solutions. Send personalized messages to new members thanking them for registering, with direct links to our website and social platforms. This strategic outreach not only strengthens our relationships with current members but also helps us reach new decision-makers who can benefit from our vehicle procurement solutions. Video Marketing Strategy: To further enhance digital reach and content quality, our in-house marketing team creates and distributes professional-grade videos through both email and social media. These include: Welcome Video: A 90-second animated introduction to NAFG and our Sourcewell contract, featured in every weekly campaign. Walkthrough Videos: Guided, step-by-step explainers on how to purchase both Light-Duty and Heavy-Duty vehicles through the contract. In-Stock Vehicles Video: A visual showcase of available inventory with a call-to-action on how to request a quote. ETA Tracking Video: A video tutorial that empowers customers to track their own vehicle's status. Holiday-Themed Videos: Lighthearted, festive content that humanizes our brand and drives seasonal engagement. Social Media Shorts: Bite-sized videos tailored for LinkedIn and other platforms to promote new vehicles, highlight factory cutoff dates, and announce pricing changes. All videos are optimized for both desktop and mobile viewing, helping to engage a broader audience and improve retention of key messages. Email Campaign Analytics (Metadata): We track weekly email flyers, incorporating images, links, and embedded videos. The platform provides real-time data including: Open rates, Link click-throughs and Unsubscribes to assess our outreach to the members. This performance metadata allows us to adjust our messaging, layout, and frequency to ensure the highest level of engagement with our target audience. By analyzing this digital feedback, we continuously improve the effectiveness of each campaign. Live Chat Technology for Real-Time Engagement: To better serve website visitors, NAFG implemented a live chat feature that connects members directly with a live sales representative. This tool: Offers fast, real-time responses to inquiries Assists members while they build vehicle quotes online Increases quote submissions and conversions by reducing hesitation and increasing clarity during the decision-making process Early results show that our live chat feature has contributed to higher engagement, improved customer satisfaction, and shorter sales cycles—especially for first-time buyers navigating the Sourcewell process.

63	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	National Auto Fleet Group utilizes a line-item discount model based on Manufacturer Suggested Retail Pricing (MSRP). We are offering Sourcewell participating entities competitive discounts across 17 OEM brands, as detailed in the Price File. In addition to vehicle pricing, NAFG provides the option to customize vehicles with upfits based on the member's needs. All upfit-related pricing is also included and clearly itemized in the Price Summary Page within the Price File. Each line includes the standard MSRP, the Sourcewell discounted price, and all applicable OEM available options. Where available, SKUs and product identifiers are listed to support clarity and consistency.	*

64	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	National Auto Fleet Group's pricing proposal includes line-item discounts off MSRP across 17 OEM brands. Including all factory options. The percentage discounts vary by manufacturer and vehicle model, and are fully detailed in the uploaded "Price File" ZIP under each respective tab. Below is a summary of the estimated discount ranges offered by brand: Ford Motor Company from -0.42% to 3.63% Chevrolet from 0.24% to 10.02% Ram Stellantis Company from 3.44% to 9.99% Dodge Stellantis Company from 4.05% to 6.93% Jeep Stellantis Company from -.073% to 6.82% Chrysler Stellantis Company from .49% to 1.81% Buick from 0.91% to 0.97% Honda from -1.48 to 3.4% Toyota from 0.07% to 5.22% Nissan from 0.73% to 17% Kia from -1.25% to 2.48% GMC from 1.28% to 5.19% Volkswagen from 1.74% to 3.08% Lincoln from .077% to 3.12% BMW from 0.32% to 2.9% Cadillac from 2.11% to 2.2% Mullen/Bollinger at 2% While a few models reflect slight negative variances due to MSRP or market fluctuations, the majority of offerings show meaningful cost savings. 65	Describe any quantity or volume discounts or rebate programs that you offer.	National Auto Fleet Group encourages members considering large-volume purchases (typically 50 units or more) to reach out directly for customized pricing and additional volume-based discounts. While standard discounts are reflected in our price file, we recognize that high-volume opportunities often warrant special consideration. In such cases, we work closely with both OEMs and upfit partners to secure the most competitive pricing available, ensuring maximum value for Sourcewell members. Depending on the uniqueness of the large order and model, some extra costs not associated with a single purchase may be added, these are provided in the Price File. Each high-volume order is evaluated individually to provide tailored, transparent, and advantageous pricing.	*
66	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "non-contracted items". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	"Open market" items or "sourced goods" that fall outside of standard configurations will be facilitated and treated as upfit components within the quoting process. National Auto Fleet Group will obtain quotes for these items on a case-by-case basis and include them as part of the final vehicle quote. In most cases, such items will be provided at cost, though a markup of up to 20% may apply depending on the complexity of the item or service and any associated handling or integration requirements. This approach ensures transparency while maintaining flexibility for Sourcewell members who require specialized, nonstandard solutions.	*

67	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	All standard costs associated with the total acquisition for a standard vehicle purchase including factory options, upfits, and administrative fees which have been accounted are within the Price Summary Page and Price table included in the submitted price file. If a Sourcewell member requests a specialized or nonstandard solution that involves additional services such as installation, training, or setup, those costs will be clearly quoted as part of the upfit and incorporated into the final vehicle quote. These services may be fulfilled either by OEM-authorized providers or trusted third-party upfitters in our partner network, depending on the nature of the request.	*
68	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	All manufacturers include a standard Factory Destination Charge as part of the vehicle's MSRP. In addition to this, members may incur separate freight or delivery costs if a vehicle requires additional transport. For example, to or from an upfitter or final delivery location. These secondary freight charges vary depending on distance, delivery type, and location, and will be clearly itemized in the member's quote for full visibility and approval before purchase. National Auto Fleet Group ensures that all such charges are communicated upfront and incorporated seamlessly into the overall pricing.	*
69	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Shipping to Alaska, Hawaii, Canada, and U.S. Territories may involve additional logistical expenses, including but not limited to ferry charges, port handling fees, and extended driver delivery costs. These region-specific costs are carefully calculated based on the delivery route and vehicle type. All such charges will be disclosed on the member's quote for review and approval prior to finalizing the purchase. National Auto Fleet Group is experienced in managing deliveries to these regions and ensures all logistics are handled efficiently, transparently, and in compliance with regional requirements.	*
70	Describe any unique distribution and/or delivery methods or options offered in your proposal. Our digital order tracking system also allows members to monitor each step in the delivery process, enhancing communication and transparency throughout.	*
71	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed agreement with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing.	National Auto Fleet Group employs a robust self-audit process to ensure full compliance with our Sourcewell agreement, including verification that participating entities receive accurate, contract-based pricing. Sourcewell members can generate quotes directly through our user-friendly online platform, which is updated daily to reflect the most current manufacturer MSRP data. This ensures that pricing remains accurate and aligned with the most recent OEM updates. Our system is designed to deliver 99.99% pricing accuracy, and every quote reflects both the Sourcewell contract discount and any applicable administrative fees. In addition to this front-end visibility, our internal processes include regular pricing audits, cross-checks, and validation against contract terms. We also maintain a streamlined reporting system that allows us to deliver accurate quarterly sales and administrative reports to Sourcewell within a 15-30 day turnaround window, helping ensure transparency and ongoing contract compliance.	*

72	If you are awarded an agreement, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the agreement.	One of the key internal metrics National Auto Fleet Group uses to track and measure success under the Sourcewell contract is maintained through our online platform, which logs all member-generated quotes in real time. We carefully monitor how many quotes are created, which are converted into purchase orders, and how frequently members engage with the system. This gives us immediate insight into usage trends, quote-to-order conversion rates, and which vehicle types or configurations are seeing the most interest. Each month, we evaluate these indicators and closely monitor sales volume, frequency, and geographic distribution. We also track whether orders come from new or returning members, allowing us to measure how well we're growing the Sourcewell member base and maintaining long-term relationships. In addition to these core metrics, we review: 1. Average order size and upfit complexity 2. Delivery timelines and fulfillment rates 3. Quote accuracy and pricing consistency 4. Regional sales performance and market penetration This data informs both our strategic decision-making and our day-to-day service operations. Ultimately, we use these metrics to ensure we're not only meeting contractual obligations, but exceeding expectations by delivering consistent value, responsive service, and a positive experience for every Sourcewell member.	*
73	Provide a proposed Administration Fee payable to Sourcewell. The Fee is in consideration for the support and services provided by Sourcewell. The propose an Administrative Fee will be payable to Sourcewell on all completed transactions to Participating Entities utilizing this Agreement. The Administrative Fee will be calculated as a stated percentage, or flat fee as may be applicable, of all completed transactions utilizing this Master Agreement within the preceding Reporting Period defined in the agreement.	National Auto Fleet Group proposes the following Administrative Fee structure payable to Sourcewell for all completed transactions under this Master Agreement: \$300 per vehicle purchased directly through NAFG \$200 per vehicle purchased through our approved partner dealer, Alan Jay Automotive At this time, no other partner dealer groups are included in the scope of this agreement for administrative fee purposes.
