

**AGREEMENT FOR PROFESSIONAL SERVICES  
WITH SCHAAF & WHEELER  
FOR ENGINEERING DESIGN SERVICES FOR THE SEWER MAIN CAPACITY AND  
GRAVITY MAIN IMPROVEMENTS**

**CITY PROJECT NOS. 87200 & 87210**

THIS AGREEMENT is entered into this \_\_\_\_\_ day of \_\_\_\_\_, 2026, by and between the City of Burlingame, State of California, herein called the "City", and **SCHAAF & WHEELER** engaged in providing **Professional Engineering** services herein called the "Consultant".

**RECITALS**

- A. The City is considering for consultant to provide engineering design services to assist the City with the Sewer Main Capacity and Gravity Main Improvements (Project), City Project Nos. 87200 & 87210.
- B. The City desires to engage a professional engineering consultant to provide assistance with engineering design services because of Consultant's experience and qualifications to perform the desired work, described in Exhibit A.
- C. The Consultant represents and affirms that it is qualified and willing to perform the desired work pursuant to this Agreement.

**AGREEMENTS**

NOW, THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

- 1. Scope of Services. The Consultant shall provide professional engineering services such as engineering design services, and as detailed in "Scope of Services" of the attached Exhibit A of this agreement.
- 2. Time of Performance. The services of the Consultant are to commence upon the execution of this Agreement with completion of all work by June 30, 2028.
- 3. Compliance with Laws. The Consultant shall comply with all applicable laws, codes, ordinances, and regulations of governing federal, state and local laws. Consultant represents and warrants to City that it has all licenses, permits, qualifications and approvals of whatsoever nature which are legally required for

Consultant to practice its profession. Consultant represents and warrants to City that Consultant shall, at its sole cost and expense, keep in effect or obtain at all times during the term of this Agreement any licenses, permits, and approvals which are legally required for Consultant to practice its profession. Consultant shall maintain a City of Burlingame business license.

4. Sole Responsibility. Consultant shall be responsible for employing or engaging all persons necessary to perform the services under this Agreement.
  
5. Information/Report Handling. All documents furnished to Consultant by the City and all reports and supportive data prepared by the Consultant under this Agreement are the City's property and shall be delivered to the City upon the completion of Consultant's services or at the City's written request. All reports, information, data, and exhibits prepared or assembled by Consultant in connection with the performance of its services pursuant to this Agreement are confidential until released by the City to the public, and the Consultant shall not make any of these documents or information available to any individual or organization not employed by the Consultant or the City without the written consent of the City before such release. The City acknowledges that the reports to be prepared by the Consultant pursuant to this Agreement are for the purpose of evaluating a defined project, and City's use of the information contained in the reports prepared by the Consultant in connection with other projects shall be solely at City's risk, unless Consultant expressly consents to such use in writing. City further agrees that it will not appropriate any methodology or technique of Consultant which is and has been confirmed in writing by Consultant to be a trade secret of Consultant.
  
6. Compensation. Compensation for Consultant's professional services shall not exceed \$186,600; and payment shall be based upon City approval of each task.

Billing shall include current period and cumulative expenditures to date and shall be accompanied by a detailed explanation of the work performed by whom at what rate and on what date. Also, plans, specifications, documents or other pertinent materials shall be submitted for City review, even if only in partial or draft form.

7. Availability of Records. Consultant shall maintain the records supporting this billing for not less than three (3) years following completion of the work under this Agreement. Consultant shall make these records available to authorized

personnel of the City at the Consultant's offices during business hours upon written request of the City.

8. Project Manager. The Project Manager for the Consultant for the work under this Agreement shall be Lawrence Johnson.
9. Assignability and Subcontracting. The services to be performed under this Agreement are unique and personal to the Consultant. No portion of these services shall be assigned or subcontracted without the written consent of the City.
10. Notices. Any notice required to be given shall be deemed to be duly and properly given if mailed postage prepaid, and addressed to:

To City: Jonathan Woo, Associate Engineer  
City of Burlingame  
501 Primrose Road  
Burlingame, CA 94010

To Consultant: Glen Anderson, Vice President  
Schaaf & Wheeler  
4699 Old Ironsides Drive, Suite 350  
Santa Clara, CA 95054

or personally delivered to Consultant to such address or such other address as Consultant designates in writing to City.

11. Independent Contractor. It is understood that the Consultant, in the performance of the work and services agreed to be performed, shall act as and be an independent contractor and not an agent or employee of the City. As an independent contractor he/she shall not obtain any rights to retirement benefits or other benefits which accrue to City employee(s). With prior written consent, the Consultant may perform some obligations under this Agreement by subcontracting, but may not delegate ultimate responsibility for performance or assign or transfer interests under this Agreement.

Consultant agrees to testify in any litigation brought regarding the subject of the work to be performed under this Agreement. Consultant shall be compensated for its costs and expenses in preparing for, traveling to, and testifying in such matters at its then current hourly rates of compensation, unless such litigation is

brought by Consultant or is based on allegations of Consultant's negligent performance or wrongdoing.

12. Conflict of Interest. Consultant understands that its professional responsibilities is solely to the City. The Consultant has and shall not obtain any holding or interest within the City of Burlingame. Consultant has no business holdings or agreements with any individual member of the Staff or management of the City or its representatives nor shall it enter into any such holdings or agreements. In addition, Consultant warrants that it does not presently and shall not acquire any direct or indirect interest adverse to those of the City in the subject of this Agreement, and it shall immediately disassociate itself from such an interest should it discover it has done so and shall, at the City's sole discretion, divest itself of such interest. Consultant shall not knowingly and shall take reasonable steps to ensure that it does not employ a person having such an interest in this performance of this Agreement. If after employment of a person, Consultant discovers it has employed a person with a direct or indirect interest that would conflict with its performance of this Agreement, Consultant shall promptly notify City of this employment relationship, and shall, at the City's sole discretion, sever any such employment relationship.
13. Equal Employment Opportunity. Consultant warrants that it is an equal opportunity employer and shall comply with applicable regulations governing equal employment opportunity. Neither Consultant nor its subcontractors do and neither shall discriminate against persons employed or seeking employment with them on the basis of age, sex, color, race, marital status, sexual orientation, ancestry, physical or mental disability, national origin, religion, or medical condition, unless based upon a bona fide occupational qualification pursuant to the California Fair Employment & Housing Act.
14. Insurance.
  - A. Minimum Scope of Insurance:
    - i. Consultant agrees to have and maintain, for the duration of the contract, General Liability insurance policies insuring him/her and his/her firm to an amount not less than: One million dollars (\$1,000,000) combined single limit per occurrence and two million dollars (\$2,000,000) aggregate for bodily injury, personal injury and property damage in a form at least as broad as ISO Occurrence Form CG 0001.

- ii. Consultant agrees to have and maintain for the duration of the contract, an Automobile Liability insurance policy ensuring him/her and his/her staff to an amount not less than one million dollars (\$1,000,000) combined single limit per accident for bodily injury and property damage.
- iii. Consultant agrees to have and maintain, for the duration of the contract, professional liability insurance in amounts not less than two million dollars (\$2,000,000) each claim/aggregate sufficient to insure Consultant for professional errors or omissions in the performance of the particular scope of work under this agreement.
- iv. Any deductibles or self-insured retentions must be declared to and approved by the City. At the option of the City, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the City, its officers, officials, employees and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration, and defense expenses.

B. General and Automobile Liability Policies:

- i. The City, its officers, officials, employees and volunteers are to be covered as insured as respects: liability arising out of activities performed by or on behalf of the Consultant; products and completed operations of Consultant, premises owned or used by the Consultant. The endorsement providing this additional insured coverage shall be equal to or broader than ISO Form CG 20 10 11 85 and must cover joint negligence, completed operations, and the acts of subcontractors. This requirement does not apply to the professional liability insurance required for professional errors and omissions.
- ii. The Consultant's insurance coverage shall be endorsed to be primary insurance as respects the City, its officers, officials, employees and volunteers. Any insurance or self-insurances maintained by the City, its officers, officials, employees or volunteers shall be excess of the Consultant's insurance and shall not contribute with it.

- iii. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the City, its officers, officials, employees or volunteers.
  - iv. The Consultant's insurance shall apply separately to each insured against whom a claim is made or suit is brought, except with respect to the limits of the insurer's liability.
- C. Workers' Compensation and Employers Liability Coverage:
- i. In addition to these policies, Consultant shall have and maintain Workers' Compensation insurance as required by California law. Further, Consultant shall ensure that all subcontractors employed by Consultant provide the required Workers' Compensation insurance for their respective employees.
  - ii. The insurer shall agree to waive all rights of subrogation against the City of Burlingame, its officers, officials, employees, or volunteers for losses arising from work performed by the Company for the City of Burlingame.
- D. All Coverages: Each insurance policy required in this item shall be endorsed to state that coverage shall not be canceled except after thirty (30) days' prior written notice by mail, has been given to the City (10 days for non-payment of premium). Current certification of such insurance shall be kept on file at all times during the term of this agreement with the City Clerk.
- E. Acceptability of Insurers: Insurance is to be placed with insurers with a Best's rating of no less than A:VII and authorized to do business in the State of California.
- F. Verification of Coverage: Upon execution of this Agreement, Contractor shall furnish the City with certificates of insurance and with original endorsements effecting coverage required by this clause. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer to bind coverage on its behalf. The certificates and endorsements are to be on forms approved by the City. All certificates and endorsements are to be received and approved by the City before any work commences. The City reserves the right to require complete, certified copies of all required insurance policies, at any time.

15. Indemnification. To the fullest extent permitted by law, Consultant shall save, keep and hold harmless indemnify and defend the City, its officers, employees, authorized agents and volunteers from all damages, liabilities, penalties, costs, or expenses in law or equity, including but not limited to attorneys' fees, that may at any time arise, result from, relate to, or be set up because of damages to property or personal injury received by reason of, or in the course of performing work which arise out of, pertain to, or relate to, directly or indirectly, in whole or in part, the negligence, recklessness, or willful misconduct of Consultant, or any of the Consultant's officers, employees, or agents or any subconsultant. This provision shall not apply if the damage or injury is caused by the sole negligence, active negligence, or willful misconduct of the City, its officers, agents, employees, or volunteers.
16. Waiver. No failure on the part of either party to exercise any right or remedy hereunder shall operate as a waiver of any other right or remedy that party may have hereunder, nor does waiver of a breach or default under this Agreement constitute a continuing waiver of a subsequent breach of the same or any other provision of this Agreement.
17. Governing Law. This Agreement, regardless of where executed, shall be governed by and construed under the laws of the State of California. Venue for any action regarding this Agreement shall be in the Superior Court of the County of San Mateo.
18. Termination of Agreement. The City and the Consultant shall have the right to terminate this agreement with or without cause by giving not less than fifteen (15) days written notice of termination. In the event of termination, the Consultant shall deliver to the City all plans, files, documents, reports, performed to date by the Consultant. In the event of such termination, City shall pay Consultant an amount that bears the same ratio to the maximum contract price as the work delivered to the City bears to completed services contemplated under this Agreement, unless such termination is made for cause, in which event, compensation, if any, shall be adjusted in light of the particular facts and circumstances involved in such termination.
19. Amendment. No modification, waiver, mutual termination, or amendment of this Agreement is effective unless made in writing and signed by the City and the Consultant.

20. Entire Agreement. This Agreement constitutes the complete and exclusive statement of the Agreement between the City and Consultant. No terms, conditions, understandings or agreements purporting to modify or vary this Agreement, unless hereafter made in writing and signed by the party to be bound, shall be binding on either party.

IN WITNESS WHEREOF, the City and Consultant have executed this Agreement as of the date indicated on page one (1).

To: Jonathan Woo  
Associate Engineer  
Public Works / Engineering  
501 Primrose Road  
Burlingame, CA 94010

**Subject: Sewer Main Capacity and Gravity Main Improvements Project**

Dear Mr. Woo,

Schaaf & Wheeler is pleased to provide the following scope and fee for the City's pending Sewer Main Capacity and Gravity Main Improvements Project. The City is exploring sewer main improvements at eleven (13) locations throughout the City to either improve gravity conveyance or repair aging gravity main infrastructure. A summary of the 13 locations along with a project map are included at the end of this proposal for reference. In addition, the City is interested in exploring replacement of approximately 600 linear feet of existing ACP pipe at a location to be provided at a later date. Since the specifics of this project are not yet well defined, we have structured this proposal to provide a base scope for minimum required services and optional services that may or may not be required.

Schaaf & Wheeler propose using NearMap to obtain ortho-rectified aerial imagery at each of the 13 proposed project locations. Since most of the sites are good candidates for pipe bursting, detailed topographical survey is not anticipated for each site. Schaaf & Wheeler will assume an optional survey allotment requiring City approval where additional detail is required for producing improvement drawings. Optional CCTV and jetting services are also assumed requiring City approval.

More specifically, Schaaf & Wheeler will perform the following:

**Task 1: Project Management and Coordination**

Schaaf & Wheeler will attend a kick-off meeting with City staff to review the scope of work and confirm project schedules. Schaaf & Wheeler will provide project management, coordination and management of subconsultants, and internal design reviews for the duration of the project including attendance at two design review meetings and routine bi-weekly coordination meetings with the City.

**Task 2: Data Collection, Review, and Field Investigations**

Schaaf & Wheeler will collect and review existing available data from the City including but not limited to review of the Sanitary Sewer Master Plan, CCTV data, record drawings, tract maps, previously prepared plans, geotechnical reports, and other items that are available and pertinent to the project. After review of the data provided, Schaaf & Wheeler will generate a memo to the City identifying which sewer segments may require CCTV and cleaning

## EXHIBIT A

To: Jonathan Woo

Schaaf & Wheeler shall field investigate each project site (13 in total) to field dip each storm and sewer manhole to confirm size, invert, and direction of existing gravity mains.

Schaaf & Wheeler will collect NearMap hi-resolution, ortho rectified aerial images and associated planometrics at each project site for inclusion in the design drawings.

### **Task 3: Contract Documents**

Schaaf & Wheeler will initiate the detailed design effort which will include project layouts of sewer lines, plan and profiles, construction details, technical specifications, construction cost estimates and a construction schedule. Schaaf & Wheeler will submit a 60% PS&E package for the City's review and comment. Schaaf & Wheeler will then attend a 60% review meeting with the City to review the draft design and gain concurrence on comment responses prior to proceeding to the 90% design.

Schaaf & Wheeler will then submit a 90% PS&E package for the City review and comment. Schaaf & Wheeler will attend a design review meeting with the City to review the draft design and to gain concurrence on comment responses prior to proceeding to preparation of the bid-ready plan set package.

After receiving and reviewing the comments from the City, Schaaf & Wheeler will prepare the final construction documents. Construction documents will include bid-ready plans, technical specifications, front end documents, and engineer's estimates.

### **Task 4: ACP Replacement Evaluation and Design**

At the request of the City, Schaaf & Wheeler will perform an additional evaluation of approximately 600 feet of ACP, additional to the 13 sites identified. This additional gravity sewer will be evaluated for potential feasibility in trenchless ACP removal methodologies. This task includes the additional data review, CCTV, NearMap and field observations, and a summary memo of Schaaf & Wheeler's evaluation and recommendations pertaining to Trenchless Methods feasibility. Pending the site's feasibility in utilizing trenchless methods, and upon authorization from the City, the design of this section of ACP replacement is also included in this task (includes 60%, 90%, and Final Deliverable packages). If authorized, the design shall be incorporated into Task 3 as a single, combined package for all deliverable rounds.

### **Task 5: Bid Support Services**

Schaaf & Wheeler will provide bid support services which may include attendance at the pre-bid meeting, responding to questions from bidders, preparation of addenda, and evaluation of bids.

### **Task 6: CCTV (Optional)**

Upon written authorization from the City for this task (i.e. email notice to proceed), Schaaf & Wheeler's subconsultant, Presidio Systems Inc., will provide up to five (5) days of CCTV inspection of the existing sanitary sewer system. CCTV inspection will be used in locations where any existing CCTV data is dated or unavailable.

**Task 7: Pipe Hydro Cleaning with Root Removal (Optional)**

Upon written authorization from the City for this task (i.e. email notice to proceed), Schaaf & Wheeler's subconsultant, Presidio Systems Inc., will provide up to five (5) days of CCTV cleaning and root removal of the existing sanitary sewer system as required based on existing conditions.

**Task 8: Supplemental Survey Allowance (Optional)**

Upon written authorization from the City for this task (i.e. email notice to proceed), in locations where the pipe improvement method or proximity to potential conflicts requires additional accuracy, Schaaf & Wheeler has included an allowance for topographical survey to supplement the NearMap and field investigation performed in Task 2.

**Task 9: City Directed Additional Services (Optional)**

Upon written authorization from the City for this task (i.e. email notice to proceed), Task 8 provides an allotment for additional services as directed and approved by the City.

**Assumptions:**

This scope of work and the associated fee estimate is prepared with the following assumptions:

- The design and coordination of utility relocation will not be required.
- Project outreach and community meetings are not included within this scope of services.
- Easement research and acquisition are not included in this scope of services.
- Geotechnical investigations, assessments, and evaluations will not be required for the proposed project. Existing available data will be utilized to estimate the existing subsurface conditions.
- Existing available data will be used to develop the plans. It is assumed that topographic surveying won't be required.
- The following items are not included in this scope of work:
  - Boundary Surveys
  - Geotechnical Investigations or borings
  - Potholing
  - Utility location services
  - Construction Support Services
- All items not specifically identified in this scope of services are excluded.

To: Jonathan Woo

EXHIBIT A

**Consultant Compensation**

Consultant shall perform the services outlined above based on time and materials. See breakdown on Exhibit B. Schaaf & Wheeler's charge rates are attached for reference. If you have any questions or require any modifications or additions to the scope identified herein, please contact Lawrence Johnson at [ljohnson@swsv.com](mailto:ljohnson@swsv.com) or at 408-246-4848.

Sincerely,  
Schaaf & Wheeler

# SEWER MAIN CAPACITY AND GRAVITY MAIN IMPROVEMENTS PROJECT MAP

## LEGEND

-  SEWER MAIN CAPACITY IMPROVEMENTS  
CITY PROJECT NO. 87200
-  GRAVITY MAIN IMPROVEMENTS  
CITY PROJECT NO. 87210

## Hourly Charge Rate Schedule

### **Personnel Charges**

Charges for personnel engaged in professional and/or technical work are based on the actual hours directly chargeable to the project.

Current rates by classification are listed below:

<b><u>Classification</u></b>	<b><u>Rate/Hr</u></b>
Principal Project Manager	\$315
Senior Project Manager	\$290
Senior Engineer	\$265
Associate Engineer	\$230
Assistant Engineer	\$210
Junior Engineer	\$195
Designer	\$185
GIS Analyst	\$185
Technician	\$170
Engineering Trainee	\$145

### **Litigation Charges**

Court or deposition time as an expert witness is charged at \$500 per hour.

### **Materials and Services**

Subcontractors, special equipment, outside reproduction, data processing, computer services, etc., will be charged at 1.10 times cost.

Effective 1/1/26
