

1

Goals

- Review the presentation regarding the Economic Development Sub-Committee (EDS) proposal to lease the top floor (5th) of the Highland Garage.
- Discuss and obtain community input.
- Staff seeking a motion on the level of support for the request.
- Input to be forwarded to the EDS

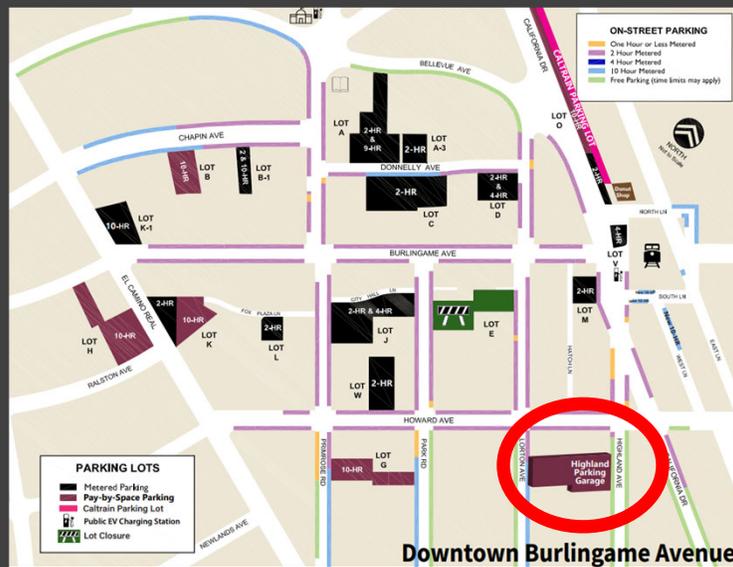

2

EDC Request

- Economic Development Sub-Committee (EDS) received a request from the Putnum Auto Group (PAG) with an interest in leasing a portion of the Highland Avenue Parking Garage.
 - PAG currently leases spaces in the City of Oakland.
- Initial EDS Feedback regarding the PAG request:
 - This request would need to be an “request for proposals” to all interested parties
 - Area to be limited to top floor
 - Garage access would only occur during the garage’s current operating hours
 - Public would no longer have access to top floor
 - Garage at 220 Park Road must be operational/available to the public (approx. 275 spaces)
