

# **Introduction of 2026 Street Resurfacing Locations**

**Traffic Safety and Parking Commission  
August 14, 2025**

# PCI INTRODUCTION

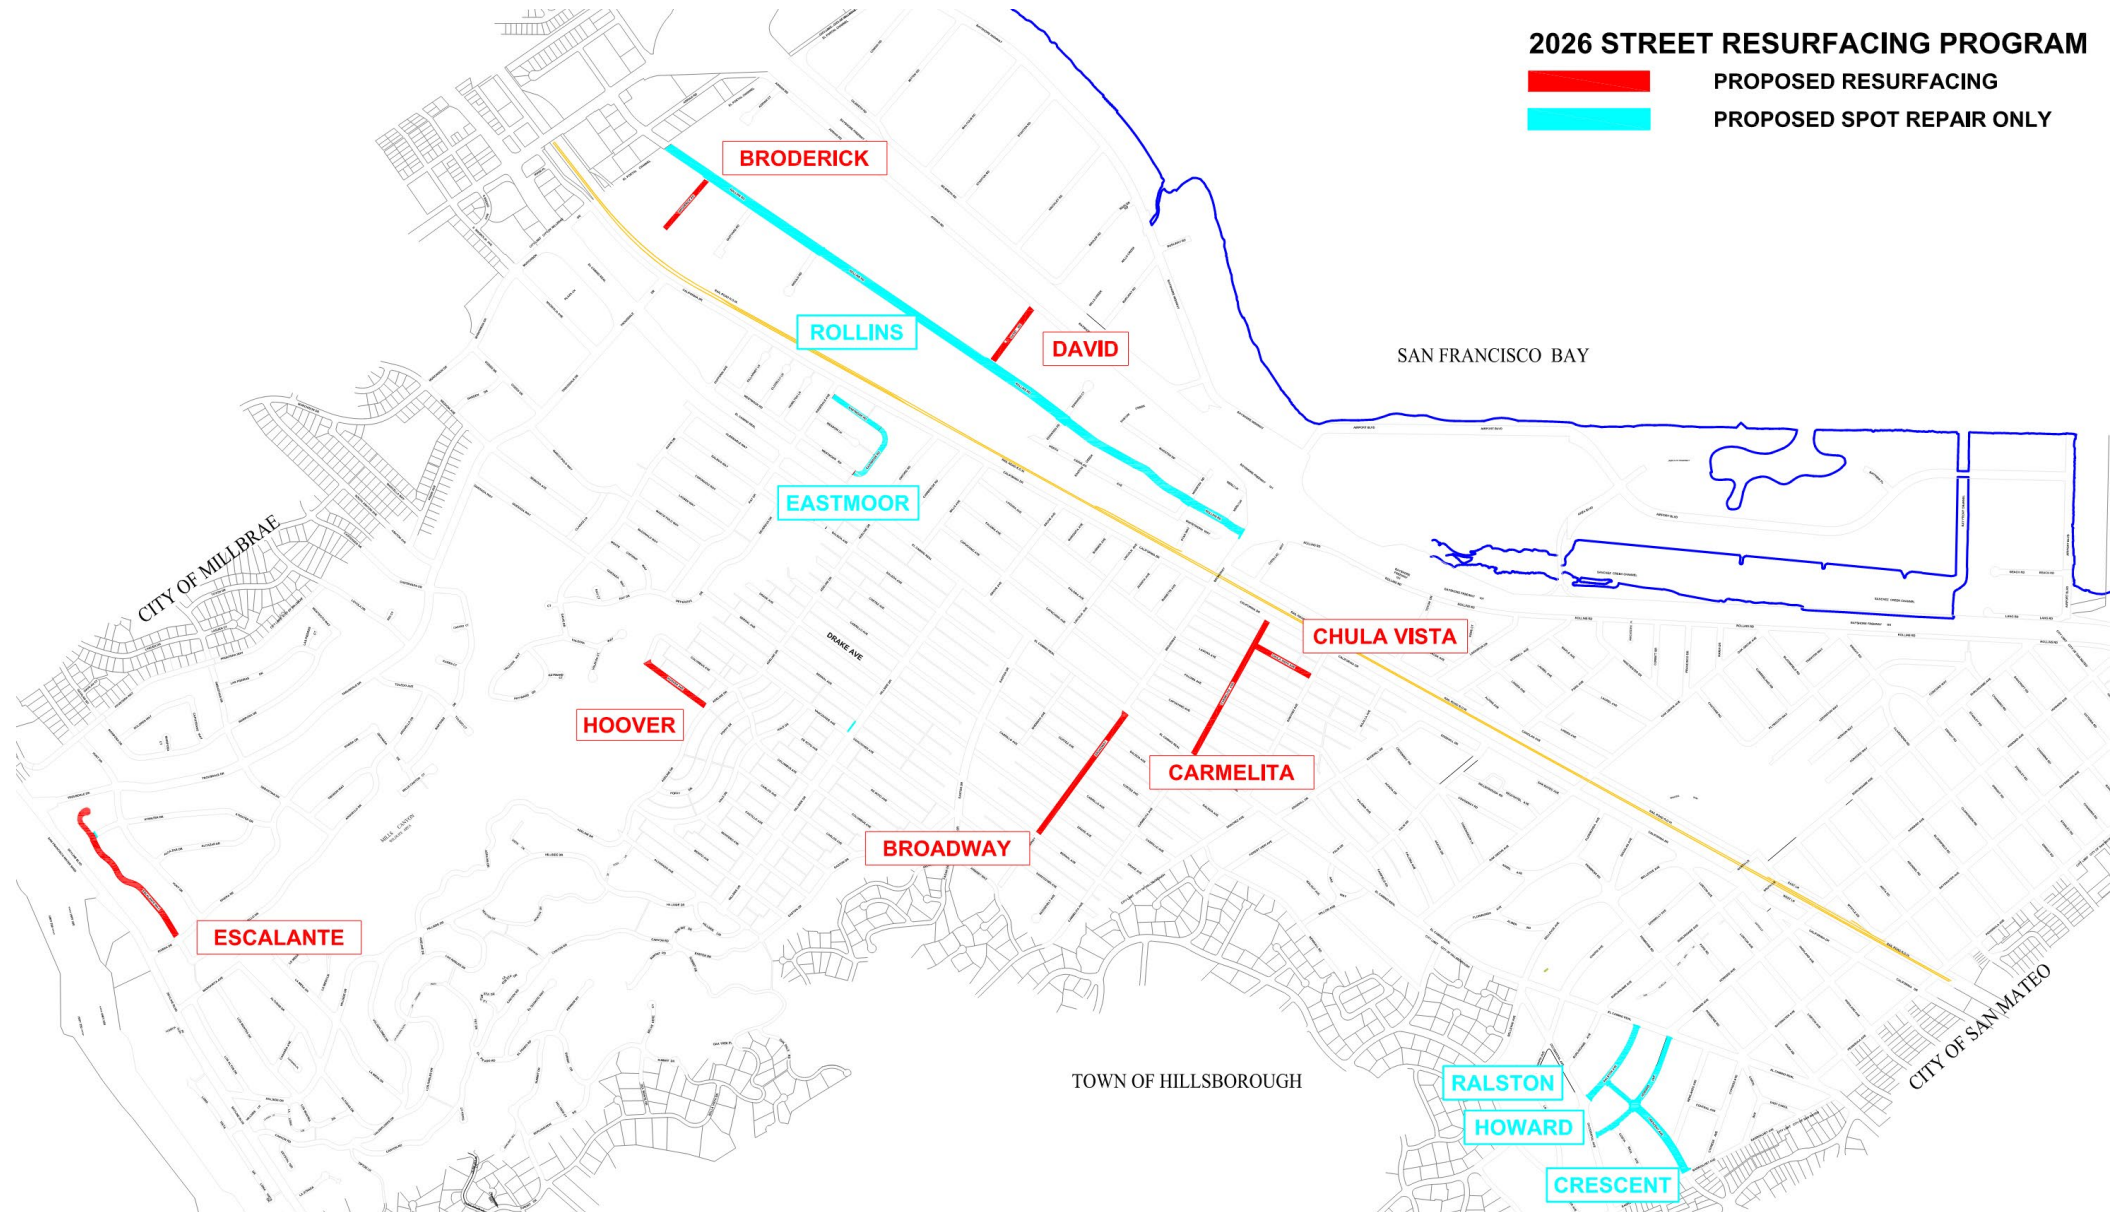

- In order to be eligible to receive regional discretionary funds for pavement upkeep, agencies must participate in Metropolitan Transportation Commission's (MTC) technical assistance and funding program — cities and counties are required to have their pavement management programs (PMPs) certified by MTC.
- Burlingame subscribes and uses MTC's StreetSaver® pavement management software. This software provides a "pavement condition index" (PCI) for every street in the City.
- Based on the PCI, available budget, coordination of other City projects , and other factors; staff identifies streets proposed for the annual resurfacing project and then presents this list to the City Council at the annual budget meeting. The street segments for the 2025 Street Resurfacing Project have been identified and the type of resurfacing work ("dig-out" repairs, surface milling, asphalt concrete overlay) has been tentatively determined. Staff will be seeking feedback regarding traffic markings and traffic striping associated with the streets listed below:

# 2026 Preliminary Resurfacing Street Segments

## 2026 Annual Street Resurfacing

	Street	From	To	Area (sf)	PCI
1	Broadway	Vancouver Avenue	El Camino Real	53,736	56
2	Broderick Road	End	Rollins Road	22,444	60
3	Carmelita Avenue	El Camino Real	California Drive	45,662	52
4	Chula Vista Avenue	Carmelita Avenue	Sanchez Avenue	18,759	70
5	Crescent Avenue (Dig outs only)	Ralston Avenue	Barroilhet Avenue	41,007	69
6	David Road	Rollins Road	Adrian Road	28,730	71
7	Eastmoor Road (Dig outs only)	Rosendale Avenue	Westmoor Road	32,048	70
8	Escalante Way	End	Rivera Drive	54,502	60, 67
9	Hoover Avenue	Columbus Avenue	Adeline Drive	17,783	60
10	Howard Avenue (Dig outs only)	Occidental Avenue	El Camino Real	38,209	72
11	Ralston Avenue (Dig outs only)	Occidental Avenue	El Camino Real	32,838	66
12	Rollins Road	City Limits	Broadway	441,029	54

# LOCATION

# NEXT STEPS/QUESTIONS

- **Obtain any feedback by late-September regarding the roadway segments on the 2026 Street Resurfacing Project**
- **Staff to review and consider their incorporation into the design**
- **Anticipated Construction (Summer 2026)**
