

STAFF REPORT

AGENDA ITEM NO: 7.c

MEETING DATE: April 9, 2026

To: Traffic Safety and Parking Commission

Date: April 9, 2026

From: Andrew Wong, Senior Civil Engineer – (650) 558-7230

Subject: Engineering Division Reports/Public Works Update

RECOMMENDATION

Staff recommends that the Commission receive an update on various Public Works – Engineering projects and activities.

BACKGROUND

- **El Camino Real Renewal** – Stage 1 of the project continues with tree removal and pothole restoration operations along ECR:
 - **FULL CLOSURES:**
Howard Ave. to Peninsula Ave.
Friday, April 3 to Friday, April 17
 - **LANE CLOSURES:**
Millbrae Ave. to Grove Ave.
Friday, April 3 to Friday, April 17
8 a.m. to 5 p.m. on weekdays
- **Old Bayshore Highway Streetscape Project** – Staff is currently reviewing proposals from design consultants for the project. Once the consultant has been selected and approved by City Council, the design team will be scheduling outreach opportunities.
- **Murchison/Trousdale/Davis** – Construction bids have been received. Staff will be preparing a staff report to submit to City Council for award at their May 4th meeting. Construction anticipated to begin late-May 2026.
- **Dwight Road Entry Walls / Landscape Island** – Feedback from the March meeting has been provided to the staff at San Mateo and their design team.

DISCUSSION

Some of these items may have been originally presented to City staff and/or the Traffic Safety and Parking Commission as public requests or comments. Items on this list are matters that would typically be addressed by City staff on an administrative level or are City Capital Improvement Projects. Matters that require broad public input or have a wide-spread impact are addressed as Commission “Discussion/Action Items” (TSPC Agenda Item 6).
