

STAFF REPORT

To: Parks and Recreation Commission

Date: March 19, 2026

From: Joleen Helley, Administrative Assistant

Subject: Commissioner Assignments for 2026

RECOMMENDATION

Staff recommends that the Commission review the 2025 assignment list and provide input to the Chair for the 2026 assignments.

BACKGROUND

Each year, the commissioner assignments are reviewed and as needed, modified by the Commission Chair. As new committees are needed throughout the year, the Parks and Recreation Director asks the Commission Chair to appoint committee members from the Commission. The number of commissioners per committee will vary based on the committee's type and needs but cannot exceed three under Brown Act requirements.

The current committees are:

The Dog Advisory Group provides guidance to City staff regarding dog-related matters. The Committee comprises two Council Members, two Parks and Recreation Commissioners, and City staff. The group only meets if needed.

The Field Use Ad Hoc Committee comprises 3 commissioners and staff. They work with the field users to update the Field Use policy.

The Time Capsule Committee consists of one commissioner. The commissioner works with a representative from the Library Board, a representative from the Beautification Commission, and a Historical Society member on the 2026 Time Capsule.

The Pickleball Ad Hoc Committee is comprised of 2-3 commissioners and staff. The committee only meets as needed.

Each non-profit field user organization, the Parks and Recreation Foundation, and the Burlingame Aquatics Club has one commissioner assigned as a liaison. The expectation is that the assigned commissioner will contact the organization's leadership at least once per calendar year to learn about the organization's current needs and report back to the Commission.
